|---|---|---|
| <p><u>Maths</u> In Maths, we looked at Quadrilaterals-see the relevant worksheets assigned to you on ActiveLearn if you are working from home. We also discussed perpendicular and parallel lines to help us identify squares, rectangles, parallelograms and trapeziums.</p> <p>We looked at nets of 3D shapes and matched the net to the shape. Thereafter we created our own nets and turned them into 3D shapes. Could you try this at home? Look up how to create a net of shape online and see what shapes you can make. Don't forget to decorate them!</p> | <p><u>Numeracy</u> In numeracy, we focused on our times tables, focusing on a range of strategies to improve our recall. We explored factors of numbers and how to write them in factor pairs (see Activelearn for relevant worksheets). We have been counting up in multiples to help us identify the multiples of a number. Are there times tables that you need to practise? Have a go at home with an adult or a sibling.</p> | <p><u>Spelling</u> On Monday, we started our new spelling patterns. This week, we focused on 'ph' which is the 'f' sound in longer words. The lists of words are posted below for you to choose from and continue practising. See the suggested list of activities in the spelling grid for you to try.</p> |
| <p><u>Topic</u> We started our discussion on what we knew about WWI and watched some clips about how is started:</p> <p>https://www.youtube.com/watch?v=0UqDytrk4U&list=PLcvEcrsF_9zLyW7lup-9zc2B2CyElzF6Q</p> <p>https://www.youtube.com/watch?v=oXmMT4sETu8</p> <p>https://www.youtube.com/watch?v=oEvuMhP2CuA</p> | <p><u>Art</u> In art this week, we looked at the paintings of Monet and linked this to our health and well-being discussion on Friday. Our aim was to create a painting inspired by nature, which would symbolise our hopes as we come back together. See the slide of Monet's famous painting below for ideas if you'd like to create your own.</p> | <p><u>Health and Well-Being</u> We were talking about what makes a good P7 student and decided on what qualities they would show. We decided on resilience, kindness and helpfulness to name a few. We then made some posters to show our thoughts.</p> |
| <p><u>Writing</u> We discussed and watched clips of persuasive and inspiring speeches. We planned our own speeches to run for House Captain and Class Reps. Below is the slide which helped us with our structure. We wrote our speeches to present for the House Captain vote in Assembly tomorrow. We practised our delivery and discussed what makes a well-presented speech. Can you write a short speech at home and think about how best to deliver it? Watch some inspiring speakers and see what techniques they use. How can you improve?</p> | <p><u>Grammar</u> This week we revised nouns, verbs and adjectives. We worked together to come up with the most interesting examples we could think of and wrote them in five sentences. Have a go at home and see what words you can come up with.</p> | <p><u>PE</u> We have been practising our serve and improving on our volleys in Tennis this week.</p> |
